

include/main.h

```
graph TD; A[include/main.h] --> B[sys/queue.h]; A --> C[rte_ether.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'include/main.h' has two blue arrows pointing downwards to two separate boxes. The left box is labeled 'sys/queue.h' and the right box is labeled 'rte_ether.h'. This indicates that 'include/main.h' includes both 'sys/queue.h' and 'rte_ether.h'.

sys/queue.h

rte_ether.h
